Sunday is for the Catholic Communications Network, as we mark World Communications Day. This appeal assists the Church to cultivate an attitude of attentiveness, and to share the Good News of Jesus Christ with people throughout the world. In his message for the Fifty-Sixth World Day of Social Communications, Pope Francis has encouraged us to foster the ability to listen – to God, to one another, to the cry of those in need and to those from whom we may differ.

The Catholic Home Care is expanding!

Due to increased demand, we need more home care assistants to join our team. If you, or someone you know, likes elderly people and would like a part-time job, is this something that would suit?

Good rate of pay (£9.80 ph.), paid holidays and flexible working through Monday - Friday daytime.

Core business domestic support (cleaning & shopping) to help elderly people to stay in their own homes for longer. Car driver an advantage, but not essential.

The paradox of abundance

Over 800 million people go hungry each day. Yet the world produces over 4 billion tonnes of food and we only need 3.7 billion tonnes to feed everyone. From all this food produced,

a third is wasted. St John Paul II called this 'the paradox of abundance.' Clearly the currently global food system is not working. But as Pope Francis said, "Each of us has a role to play in transforming food systems for the benefit of people and the planet." Let's respond to his call! CAFOD's new campaign is called Fix the Food System. See www.cafod.org.uk/food for more information, including an invitation for parish groups to learn about the impact of our food with our *Fix the Food System: a 7-station journey* resource.
